

L. John Greenfield is chair of the Department of Neurology at UConn Health, where he specializes in epilepsy. His research involves the mechanisms of epilepsy and antiepileptic drugs. He received his MD and PhD degrees from the University of Virginia in 1989, and completed residency in neurology at the University of Michigan in 1993, followed by fellowship in EEG and epilepsy. He moved to the Medical College of Ohio in 1999. In 2010 he became Chair of Neurology at the University of Arkansas for Medical Sciences where he served as until 2016, when he assumed the Chair position at UConn.
