

Cognitive Behavioral Neurology Section Chief

The Department of Neurology, University of California at Davis, School of Medicine is recruiting a physician leader to serve as Section Chief of our growing division of Cognitive Behavioral Neurology. The position is offered in the Health Sciences Clinical Professor (HSCP) or Clinical Neurology series at the Associate or Full Professor rank, commensurate with experience.

The incumbent will serve as Section Chief of Cognitive Behavioral Neurology, providing leadership, support, and strategic planning of the Section, including direction of its clinical, educational, and research efforts. The position requires strong leadership and management skills related to operational effectiveness, strategic planning, and clinical operations. The incumbent will provide guidance and mentorship to promote the success of faculty at all levels, recruit and retain faculty, develop strategies to enhance communication and collaboration in partnership with the department Chair, and create a safe, equitable and inclusive workplace.

All clinical faculty members must provide inpatient and outpatient clinic care; teach medical students, residents, and fellows; develop research and/or creative work; and provide University and public service.

The UC Davis Department of Neurology and UC Davis Health teaching hospital are nationally ranked in US News & World Report. The department continues to expand with 60 clinical faculty across all neurological specialties, total faculty of 80, and excellent nursing, staff, neuropsychology, social work, clinical research, and pharmacological support.
