

Neurology at Miami Neuroscience Institute - Baptist Health South Florida, Miami

The Miami Neuroscience Institute (MNI), part of the Baptist Health South Florida (BHSF) health system, is experiencing a major expansion and seeking board-eligible **General Neurologists, Neurohospitalists and fellowship-trained neurologists in Electrophysiology, Epilepsy, Headache, Memory & Aging, Behavioral/Cognitive, Movement Disorders, Neuroimmunology/Multiple Sclerosis and Neuromuscular disorders**. BHSF provides leadership opportunities in patient care, education and research, and is academically affiliated with Florida International University and Florida Atlantic University. We will launch a 16-resident Neurology Residency Program in 2025.

The Miami Neuroscience Institute provides the most comprehensive and innovative techniques to diagnose and treat nervous system disorders. Our team of Neurologists, Neurosurgeons, Neuroradiologists, Neuro-interventionalists, Psychiatrists, Pain and PM&R specialists embraces a patient-centered, multidisciplinary approach. MNI is a Joint Commission Certified Comprehensive Stroke Center. In 2022, MNI had the greatest number of thrombolytic cases per year for our region, with the lowest door to needle time amongst all high-volume centers. We are a level 4 Epilepsy Center accredited by NAEC. Our Intraoperative Monitoring Department received the top-tier accreditation from ABRET.

Headquartered in Coral Gables, Florida, Baptist Health includes 12 hospitals, more than 100 outpatient facilities and multiple institutes and centers of excellence. We are among the best healthcare providers in the country by U.S. News & World Report. We receive rave reviews from the more than a million patients we serve yearly. Our leadership is evidenced by the launch of the Miami Innovation Institute and the Center for the Advancement of Learning providing advanced education, simulation training and modern learning spaces to more than 9,000 students and residents across all disciplines each year.

Miami enjoys a vibrant culture with a diverse population from around the world. With over 230 days of sunshine, many entertainment and cultural venues, museums, parks and miles of pristine beaches, there is always something to do. The city's seaport is the busiest cruise port in the world in both passenger traffic and cruise lines. The Miami International Airport is the United States' third-largest international port of entry, with non-stop flights to over 70 cities in the world. Come and live where others vacation!

BHSF is a not-for-profit, faith-based organization with approximately 25,000 employees and 4,000 nationally and internationally recognized physicians. We are a "Fortune 100 Best Companies to Work For", and an "Ethisphere World's Most Ethical Companies". BHSF offers a competitive salary, quality and productivity bonuses, and a comprehensive benefits package including malpractice, CME, Medical/Dental/Vision, Life/AD&D insurance, short-term and long-term disability, relocation, and more. Baptist Health is an Equal Employment Opportunity employer. This position is not open to any third-party recruiters, consultants and/or staffing vendors at this time.

Interested candidates: please submit your application to Carmen Troche carmentr@baptisthealth.net, Including CV, a letter of interest and 3 letters of reference directed to Diego Torres-Russotto, MD, Chair of Neurology - Miami Neuroscience Institute.
