

FACULTY (OPEN RANK), EPILEPSY - NEUROLOGY (OUTPATIENT), MCGOVERN MEDICAL SCHOOL

Are you an epileptologist looking to join a large epilepsy practice for an exclusive outpatient position with no on-call duties? If so [McGovern Medical School](#) at [UTHealth Houston](#), [Department of Neurology](#) is seeking a Board Certified/Board Eligible Neurologist Assistant/Associate Professor, non-tenure track in the clinical division of Epilepsy, [Texas Comprehensive Epilepsy Program\(TCEP\)](#). TCEP is one of the largest and most dynamic epilepsy programs in the country. It is an NAEC level 4 tertiary center with a national and international referral base and one of the busiest epilepsy surgery programs in the country. There is an active SEEG and MEG program with surgical options ranging from resections to DBS, RNS, and laser ablation. Clinical research programs include epilepsy mortality, treatment outcomes, neuromodulation, epilepsy genetics, fMRI, and wearable m-health technologies. The center has strong ties with [Neurosurgery](#), [McWilliams School of Biomedical and Informatics](#), and the [UTHealth Houston School of Public Health](#). The fellowship program includes 8 positions in epilepsy, 3-4 clinical neurophysiology positions, and one position in MEG/SEEG. The successful candidate will participate in outpatient clinical care, including routine EEG reading in Epilepsy within the Department of Neurology.

Position Key Accountabilities:

Clinical responsibilities would include four days of clinic a week. Teaching opportunities are available, including in the bi-annual 8-week epilepsy/EEG course. The position is affiliated with the McGovern Medical School, the 6th largest medical school in the nation, a robust Neurology residency program, and a growing Epilepsy Fellowship program.

Qualifications:

Candidates must be a graduate of an ACGME-accredited neurology residency and completed a fellowship in Epilepsy or Neurophysiology, with board certification/eligibility, and be licensed in the state of Texas (or eligible to be licensed). Interest in clinical research is encouraged but not essential.
